EDUCATION

B.Sc. (Hons) - Applied Sciences
Majoring Computer Science
University of Peradeniya | 2019 - 2024

TECHNOLOGIES

Testing Tools

- Selenium
- Playwright
- Jira
- TestNG
- Manual Testing
- Postman

Programming Languages

- Java
- JavaScript
- HTML
- CSS
- Dart

Other Technologies

- MySQL
- GitHub
- Flutter
- Power BI
- Docker
- AWS DevOps

PROFESSIONAL PROFILE

Results-driven Inten QA Engineer with a strong foundation in software testing and technical troubleshooting. Skilled in identifying defects, executing test cases, and ensuring high-quality applications in Agile environments.

PROFESSIONAL EXPERIENCE

Junior Executive - Manual Testing
Sampath Bank PLC | November 2024 - March 2026

- Conducted manual testing for Sampath Bank web and mobile online banking applications.
- Executed test cases and verified system performance, usability, and reliability.
- Performed User Acceptance Testing (UAT) to ensure system functionality met business requirements.
- Identified, documented, and reported defects, ensuring timely resolution.

Intern Software Engineer
Clounote Technologies | January 2024 - October 2024

- Worked on software development using Java and Flutter to build and maintain applications.
- Collaborated with team members using GitHub for version control and project management.
- Developed and managed databases using MySQL for efficient data handling.
- Integrated Firebase services for backend support and real-time data features.
- Participated in debugging, testing, and improving application performance.

KEY PROJECTS

Sampath Vishwa (Web & Mobile)

- **Objective**: Ensured the quality and reliability of online banking systems by performing comprehensive manual testing on web and mobile applications.
- **Role**: Executed end-to-end QA activities including test planning, test case design, manual testing, and User Acceptance Testing (UAT) until final release.
- **Achievements**: Identified and reported critical defects, improving system stability and user experience. Enhanced testing coverage and reduced production issues through thorough validation of key banking features.

ParkIn - Mobile Application

- **Objective**: Developed a mobile application to streamline parking management, enabling users to find, book, and manage parking spaces efficiently.
- **Role**: Designed and implemented app features using Flutter for front-end and Firebase for backend services, including authentication and real-time data handling.

EXPERTISE

- Communication
- Documentation
- Critical Thinking
- Teamwork
- Leadership

UNDERGRADUATE PROJECTS

- **Selenium Automation – LeafGround**
  Technologies : Selenium/ TestNG/ JSExecutor
  Individual Project
- **Student Registration System**
  Technologies : Java/ MySQL/ JDBC
  Manual Testing
  Individual Project
- **E-commerce Website Test Automation**
  Technologies : Selenium/ Maven/ TestNG/ GitHub
  Individual Project
- **Online Shopping Cart Mobile Application**
  Technologies : Flutter/ Firebase
  Individual Project

CERTIFICATIONS

- **Software Quality Assurance Professional**
  SLIIT University
- **Selenium WebDriver with Java – Advanced**
  Udemy
- **Manual Software Testing Fundamentals**
  Coursera
- **Git & GitHub Essentials**
  Udemy
- **Introduction to HTML**
  Sololearn
- **Currently Following: DevOps Master Level Program**
  Epic Learning Academy
- **Planning to pursue: ISTQB Foundation Level Certification**

EXTRA CURRICULAR ACTIVITIES

- **National University Level Colors**
  Vice Captain - University of Peradeniya Badminton
  National University colors - 2023
  University colors - 2022 / 2023
- **Member - Computer Science Society**
  Member of Computer Science Society
  University of Peradeniya
  2019 - 2024
